Reference Letter

To Whom It May Concern:

I've had the distinct pleasure of working with Charlie Craig. I have found him to be an honest and dependable man of integrity. Warner Bros. was sufficiently impressed with not only those personal traits, but his professional abilities as well and this led to his doing record production for our company.

His success as a songwriter is well-documented. He was also involved with the early careers of artists like Randy Travis and Alan Jackson, and he played a significant role in the more recent signing of the Wilkinsons to Giant Records Nashville.

I would extend to Charlie the highest compliment by saying that I would gladly hire him for any position, or for work on any project for which he was qualified.

Sincerely,

Jim Ed Norman
