## From Recording Artist Steve Wilkinson

### Reference Letter

To Whom It May Concern:

The Wilkinsons have been associated with Charlie Craig for the past 8 years and have known Mr. Craig to be a man of honesty and integrity. His 30 odd years in the music business as writer/producer have been both successful and have given Mr. Craig a standing of respect among not only the writing community but also with recording artists, such as Alan Jackson, Vince Gill, and Aaron Tippin, many of whom Mr. Craig has worked with at the very start of their careers. His talents as a writer/producer are well known of Nashville's Music Row. I recommend him without hesitation.
